

REKTOR

Wrocław, the 13th of Dec, 2023

### INFORMATION ON THE RESULTS OF THE COMPETITION

**Position:** PostDoc position – assistant professor in the group of research staff within the NCN SONATA 14 2018/31/D/NZ9/01452 project entitled: "Variable electromagnetic field as a factor regulating gene expression in plants on the example of flax".

**Department:** Department of Genetics, Plant Breeding and Seeding

Date of publication of the offer: 26.09.2023

Deadline for submitting documents: 25.10.2023

Date of the contest's adjudication and closing: 12.12.2023

Three applications were submitted to the competition. After the meeting of the competition committee in remote mode on November 28, 2023, **dr Małgorzata Bortniczuk-Szulakowska** was accepted for the POST DOC position of assistant professor in the group of research staff. The committee also made a ranking list:

1. **dr Małgorzata Bortniczuk-Szulakowska** (is the first choice candidate)
2. **dr Muhammad Daniyal Junaid** (is a second choice candidate))

#### Justification:

Both candidates met the formal and substantive criteria contained in the advertisement. Committee the competition unanimously determined the candidate's education and experience as meeting the requirements for the Post Doc position in the group of research staff at project entitled: "Variable electromagnetic field as a factor regulating gene expression in plants on the example of flax". Employment in the first place will be offered to dr Małgorzata Bortniczuk-Szulakowska.

Chairman of the commission in the competition  
dr Marta Preisner
